

NEW HAMPSHIRE FAMILY SUPPORT CONFERENCE

In 1987 the first NH Family Support Conference was held in Concord. This conference, which is now an annual event, is planned by parents/family members with staff support from the Division of Developmental Services. The conference offers parents, of children from birth through adulthood, the opportunity to learn current information on a variety of issues, as well as provide a forum to meet other parents/family members and professionals sharing the same journey.

Workshops focus on issues relative to inclusion and transitions throughout the life span, educational advocacy, behavioral, sibling, employment, circles of supports and friends, personal futures planning, benefits, estate planning, and a home of your own. Conference participants come away with renewed strength as well as resources to continue their journey in assisting their family members to reach their full potential.
